The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.

Nickel-Faced Halftones

The most important engraving improvement in years. After long experiment and thorough test, we have perfected a process of placing a nickel face on halftones. We call these new plates "Stafford-Tones".

Stafford-Tones are as superior in every way to ordinary copper halftones as the nickeltype is to common electrotypes. They will last at least three times as long on the press. They are so hard that they are immune to the hundred-and-one accidents that scratch and ruin copper halftones. Printing ink will not corrode them. Rats and mice (which ruin thousands of dollars' worth of ordinary halftones) cannot harm them.

In depth, in richness of tone and shading, in delicacy and detail, Stafford-Tones are at least the equal of copper halftones. And because nickel, unlike copper, has no affinity for printing ink, Stafford-Tones print sharper, cleaner, and richer.

And they cost no more! We could get more—they are worth more. But until the distinct superiority of Stafford-Tones is generally known, we shall make them at exactly the same price as ordinary halftones.

We have applied for patents, and Stafford-Tones can only be secured from us.

We have some little samples of Stafford-Tones, and we'd like to send you one. Scratch it. Scuff it. Maltreat it. Compare it with copper by any test you please. Telephone and ask for one, and ask us any questions that occur to you.

Advertising Art

The great volume of advertising now appearing makes it more necessary than ever that you employ layouts and illustrations that will stand out.

Stafford advertising designs and illustrations are distinctive. They attract the eye, and "put your message across" in the most attractive manner. They help *sell.*

Our artists are equally skilled in originating illustration ideas for you, or in visualizing your own ideas.

We make all kinds of plates for printing in one or more colors for use in national magazines, trade papers, newspapers, broadsides, catalogs, booklets, and every other form of printed advertising.

Our charges are reasonable.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
